

Tile® panels in decorative finishes featuring Tile® double stripping and shallow showcase display area

tile®

the infinitely inter-changeable,
multi-choice panel display system

A series of panels configured in grid format, Tile® caters to ever-changing merchandising environments and is ideal for showcasing any visual display or ASI panel-based system.

Tile® accommodates virtually any merchandising system, including Slatwall®, Puck, upholstered panels, shallow showcases and graphics. Altering displays is simple – panels are merely unclipped and changed to include the new message, backdrop, corporate image, promotion or merchandising system. Tile® stripping between the Tile® panels gives complete vertical merchandising flexibility.

Backlit Tile® display wall and showcases
- Toyota Showroom, Sydney NSW

Tile® Showcase Display
- Pet Pacific Exhibition Stand, Pet Expo 2004

Backlit Tile® display wall and showcases
- Australian Open Tennis Shop, Melbourne VIC
